- *English language day*
- *International Nurse day*
- *Mothers day*
- *International Technology day*

From Our Principal Desk :

Dear Parents,

Radiant school Sharjah emphasizes on all round development of extra-curricular activities that inculcate team spirit, exploration and development of each students potential and confidence.

I commend the entire staff of our school for their determination and being the architects of our success. I also appreciate the parents of our children for their warm and positive involvement. We accentuate the academic, cultural, sporting and spiritual dimensions in the course of our pupil's time with us. Our moderate school fees are the further attraction to our prospective parents, who bring to our school a richness in background and culture.

Thanks and regards

Mrs Alka Suxena

Principal

Radiant school, Sharjah

FROM OUR VICE-PRINCIPAL DESK

Dear Parent,

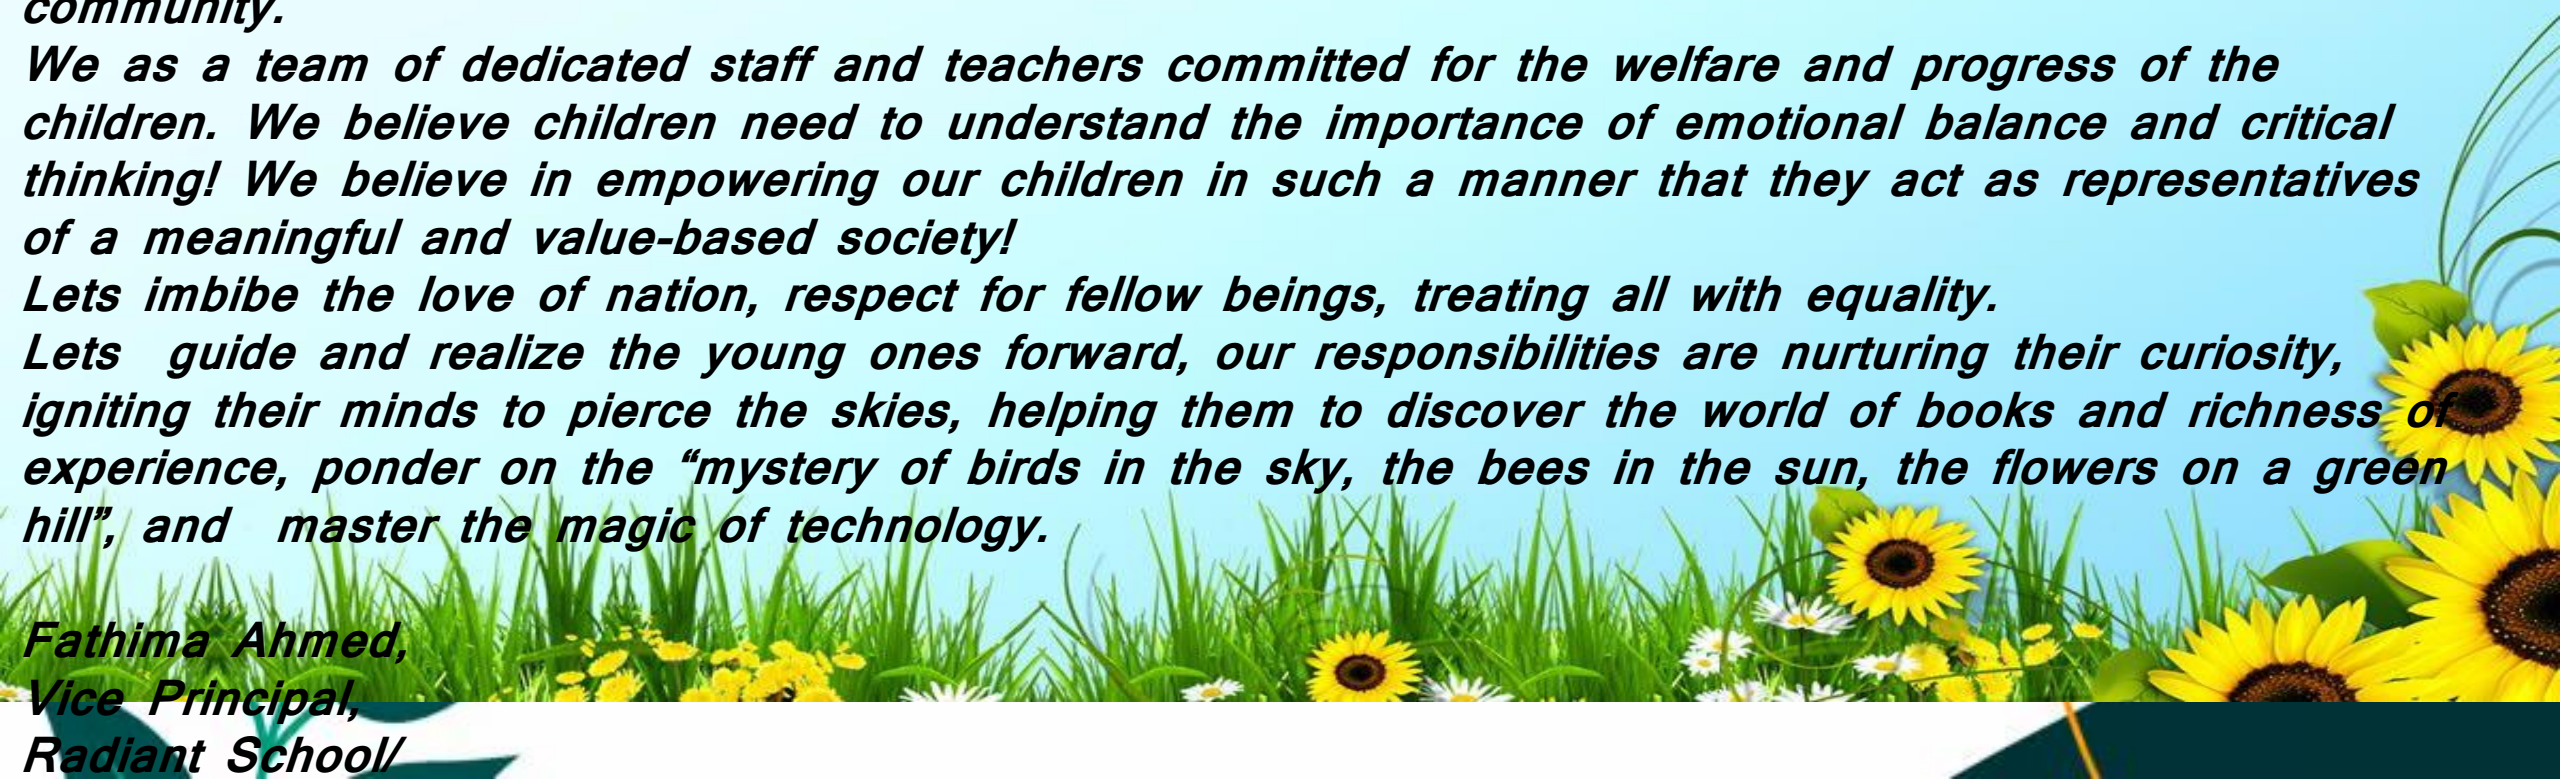

Albert Einstein said, “Education is not about learning of facts but training young minds to think.” We at Radiant School, works towards holistic development of our students by providing them the tools and experiences that encourage our students to think. The aim is to create empowered minds so that students are able to decide what is good for them, differentiate between right and wrong, choose opportunities that help build them up and enable them to live in harmony with all existence. As the new Vice Principal, I am delighted that the school’s values align with my own personal values, including the importance of trust, respect, innovation and a sense of community.

We as a team of dedicated staff and teachers committed for the welfare and progress of the children. We believe children need to understand the importance of emotional balance and critical thinking! We believe in empowering our children in such a manner that they act as representatives of a meaningful and value-based society!

Lets imbibe the love of nation, respect for fellow beings, treating all with equality.

Lets guide and realize the young ones forward, our responsibilities are nurturing their curiosity, igniting their minds to pierce the skies, helping them to discover the world of books and richness of experience, ponder on the “mystery of birds in the sky, the bees in the sun, the flowers on a green hill”, and master the magic of technology.

*Fathima Ahmed,
Vice Principal,
Radiant School/*

Islamic week

INTRODUCTION

The school dedicated a full week for islamic week activities. There was an active participation of student at every level i.e Higher ,middle ,and lower grade. Grade 2 to 4 students were very excited about celebrating ramadan activity. Ramadan is the holy month for muslims. Everyone participated in the class. A special islamic competition was conducted by Students of all grades.

OBJECTIVES

- To make students have basic information on the importance of ramadan.
- To encourage students to cultivate good habits and stay away from the bad habit in their lives.
- To focus on the importance of ramadan

English Day

'Language gives shape to our thoughts and colors to our imagination.'

INTRODUCTION:

English Language Day at the UN is celebrated on 23 April, the date traditionally observed as both the birthday and date of death of William Shakespeare. As well as being the most famous playwright, who wrote in English, Shakespeare also had a huge impact on modern-day English.

We have different activities related to the English language and culture, which purpose is to strengthen and enhance even more the English language in our school. This annual celebration is coordinated by the English department and it is addressed to all of our students.

ACTIVITY:

The students of Class 2 to 4 brought the world of fantasy alive by dressing up as their favorite character from a book of their choice and spoke a few lines about the chosen character for the activity. The tongue twister session was conducted for Class 2 to 4. They captivated everyone's attention with their resourcefulness and confidence.

Happy Nurses Day!

Nurses are heroes. Compassion
is their superpower.
