## *From Our Principal Desk :*

Dear Parents,

Radiant school Sharjah emphasizes on all round development of extra-curricular activities that inculcate team spirit, exploration and development of each students potential and confidence.

I commend the entire staff of our school for their determination and being the architects of our success. I also appreciate the parents of our children for their warm and positive involvement. We accentuate the academic, cultural, sporting and spiritual dimensions in the course of our pupil's time with us. Our moderate school fees are the further attraction to our prospective parents, who bring to our school a richness in background and culture.

Thanks and regards

Mrs Alka Suxena

Principal

## FROM OUR VICE-PRINCIPAL DESK

*Dear Parent,*

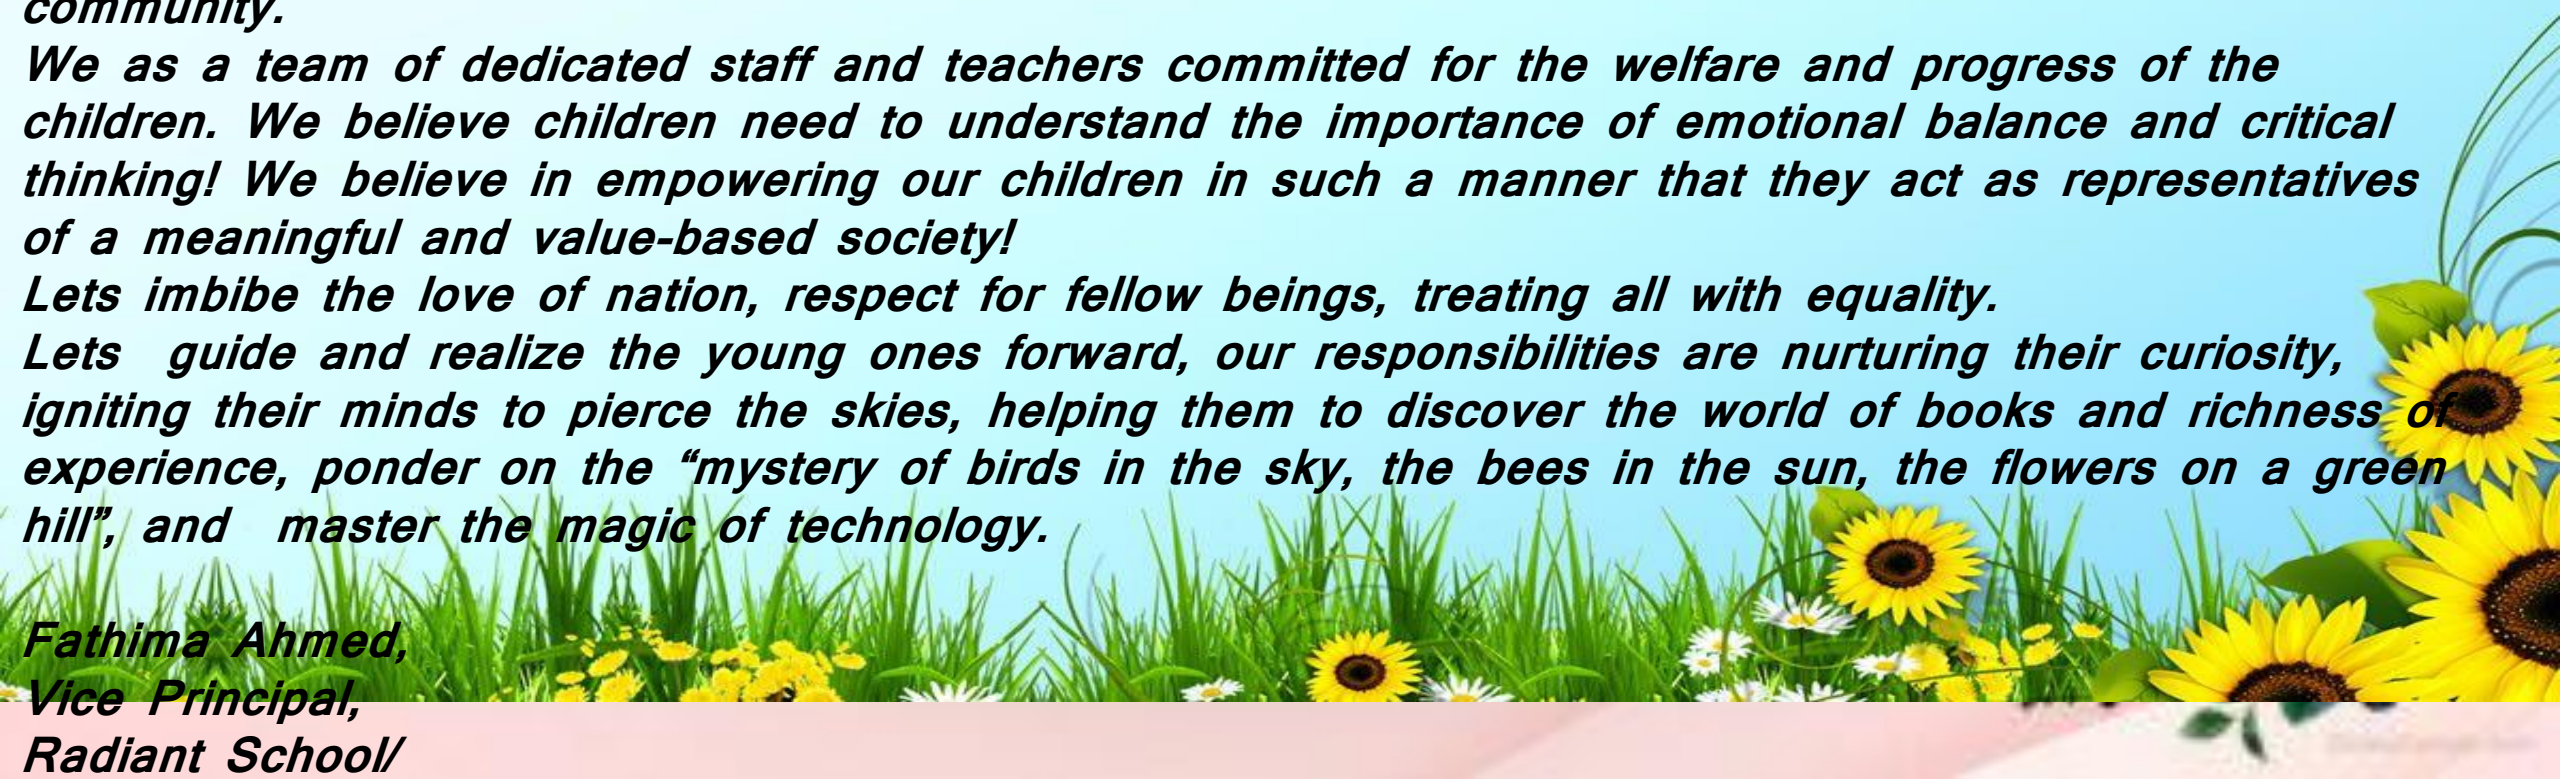

*Albert Einstein said, “Education is not about learning of facts but training young minds to think.” We at Radiant School, works towards holistic development of our students by providing them the tools and experiences that encourage our students to think. The aim is to create empowered minds so that students are able to decide what is good for them, differentiate between right and wrong, choose opportunities that help build them up and enable them to live in harmony with all existence. As the new Vice Principal, I am delighted that the school’s values align with my own personal values, including the importance of trust, respect, innovation and a sense of community.*

*We as a team of dedicated staff and teachers committed for the welfare and progress of the children. We believe children need to understand the importance of emotional balance and critical thinking! We believe in empowering our children in such a manner that they act as representatives of a meaningful and value-based society!*

*Lets imbibe the love of nation, respect for fellow beings, treating all with equality.*

*Lets guide and realize the young ones forward, our responsibilities are nurturing their curiosity, igniting their minds to pierce the skies, helping them to discover the world of books and richness of experience, ponder on the “mystery of birds in the sky, the bees in the sun, the flowers on a green hill”, and master the magic of technology.*

# WORLD NO TOBACCO DAY ACTIVITY

## OBJECTIVES:

Students will be able to understand

- Harmful effect of Tobacco.
- The problems affected in society.
- Awareness of lung cancer.
- Knowledge about protection of youths from smoking.

## PROCEDURE:

Teacher explained the harmful effects tobacco smoking with the help of video. Teacher explained that life gets one time we should enjoy it instead of wasting on unwanted things. Teacher explained them WHO celebrate World No Tobacco Day every year on 31<sup>st</sup> May. The annual campaign is an opportunity to raise awareness on the harmful and deadly effects of tobacco. Teacher asked the students to make a poster to say “**NO TOBACCO SAVE LIFE**”.

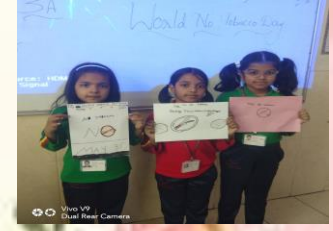

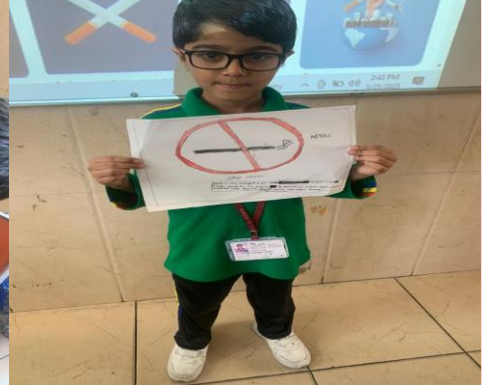

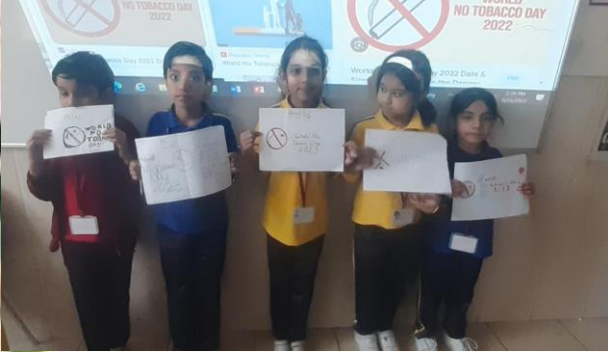

## OUTCOMES:

Observation skill, time management skill, logical skills, creativity will be developed through this activity.

## CONCLUSION:

Students understood that why (WHO) World Health Organization celebrate World No Tobacco Day annually. They understood tobacco is the threat to our environment. And came to know that tobacco kills 8 million people every year and destroys our environment. Spread awareness by their posters, slogans and speech.

#### **OBJECTIVES:**

- To respect and acknowledge everything that the environment has given to us
- To take pledge that we will protect it
- To generate awareness and focus on environmental issues
- Students will be able to illustrate their creativity

Importance of trees and its plant

#### **INTRODUCTION:**

World Environment Day 2023 will be celebrated on 5 June. It is the biggest international day for the environment. The purpose of celebrating this day is to raise awareness among people to protect the environment. It was first started in 1974 with the theme: “Only One Earth”. World Environment day comes annually with a new theme which is assigned by the UN (United Nations).

#### **ACTIVITY:**

Students had make poster

#### **OUTCOMES:**

Observation skill, Time Management skill, will be developed by ppt and videos

#### **CONCLUSION:**

Students did this activity with great pleasure. They made the Poster for The World Environmental day. The major takes away for the students from this activity was that each one of us know about the Clay modeling day and Fruit salad day

# OBJECTIVES

Art competitions in schools serve multiple objectives. They promote creativity and self-expression, enhancing artistic skills and boosting confidence. These competitions encourage critical thinking, cultural appreciation, and teamwork. They expose students to diverse artistic styles, help, and engage with the community. Inclusivity, cultural exchange, and environmental awareness are also important aspects. Additionally, art competitions provide inspiration, career exploration, and character development while celebrating students' achievements and supporting their social and emotional growth. Ultimately, these events are meant to be enjoyable, fostering a love for art among students.

## CONCLUSION:

The students enthusiastically engaged, demonstrating their talents and skills while thoroughly relishing the experience. The joy and enthusiasm that radiated from the students reflected not only their artistic growth but also their genuine passion for the arts, making the event a truly memorable and enriching experience for all involved.
