

**RADIANT SCHOOL, SHARJAH**

# NEWSLETTER GRADE 5-7

**2023-2024**  
**APRIL**

“If you are not willing to learn,  
no one can help you.  
If you are determined to learn,  
no one can stop you.”

- Zig Ziglar

## FROM OUR PRINCIPAL

Dear parents,

Radiant school Sharjah emphasizes on all round development of extra- curricular activities that inculcate team spirit, exploration and development of each students potential and confidence.

I commend the entire staff of our school for their determination and being the architects of our success. I also appreciate the parents of our children for their warm and positive involvement. We accentuate the academic, cultural, sporting and spiritual dimensions in the course of our pupil's time with us. Our moderate school fees are the further attraction to our prospective parents, who being to our school a richness in background and culture.

**Mrs Alka Suxena**  
**Principal**  
**Radiant School, Sharjah**

# FROM OUR VICE-PRINCIPAL DESK

*Dear Parent,*

**Albert Einstein said, “Education is not about learning of facts but training young minds to think.”** We at Radiant School, works towards holistic development of our students by providing them the tools and experiences that encourage our students to think. The aim is to create empowered minds so that students are able to decide what is good for them, differentiate between right and wrong, choose opportunities that help build them up and enable them to live in harmony with all existence. As the new Vice Principal, I am delighted that the school’s values align with my own personal values, including the importance of trust, respect, innovation and a sense of community.

**We as a team of dedicated staff and teachers committed for the welfare and progress of the children. We believe children need to understand the importance of emotional balance and critical thinking! We believe in empowering our children in such a manner that they act as representatives of a meaningful and value-based society!**

**Lets imbibe the love of nation, respect for fellow beings, treating all with equality.**

**Lets guide and realize the young ones forward, our responsibilities are nurturing their curiosity, igniting their minds to pierce the skies, helping them to discover the world of books and richness of experience, ponder on the “mystery of birds in the sky, the bees in the sun, the flowers on a green hill”, and master the magic of technology.**

**Shinu Aneesh  
Vice Principal,  
Radiant School**

# EXPERIENTIAL LEARNING

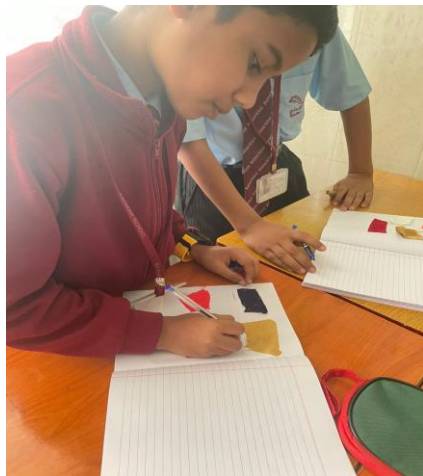

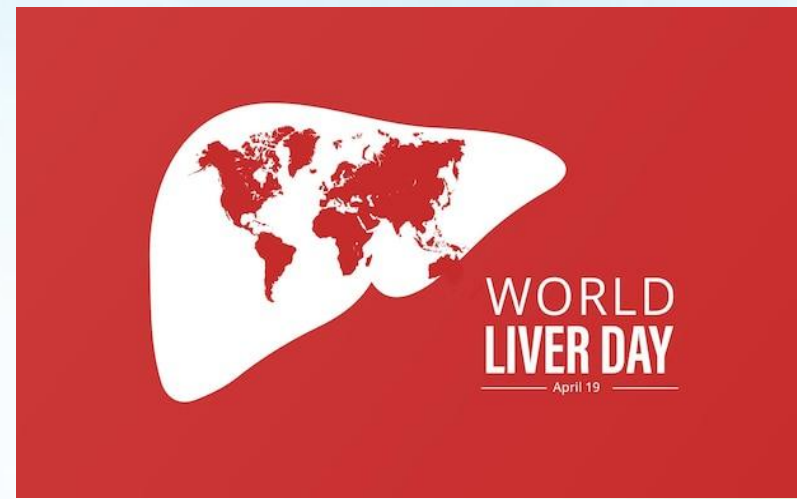

**Radiant school provides experiential learning process for the students to be actively engaged in posing questions, investigating, experimenting, being curious, solving problems, assuming responsibility, being creative and constructing meaning. Students are engaged intellectually, emotionally, socially, soulfully and/or physically in this learning.**

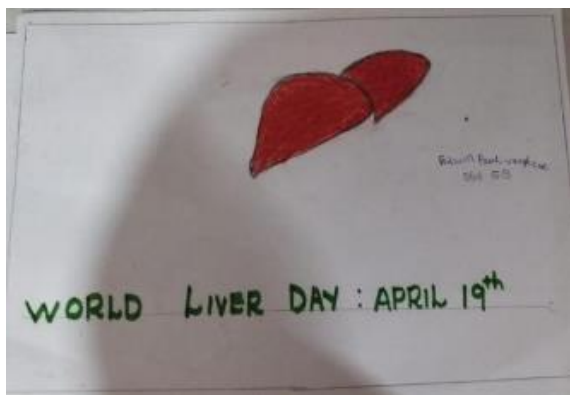

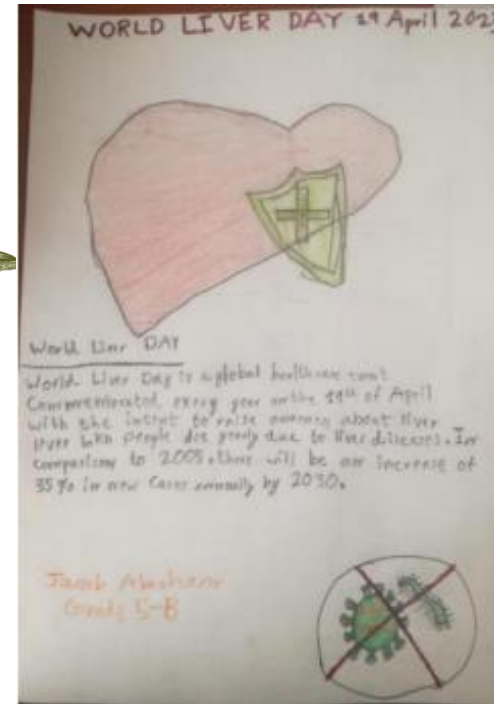

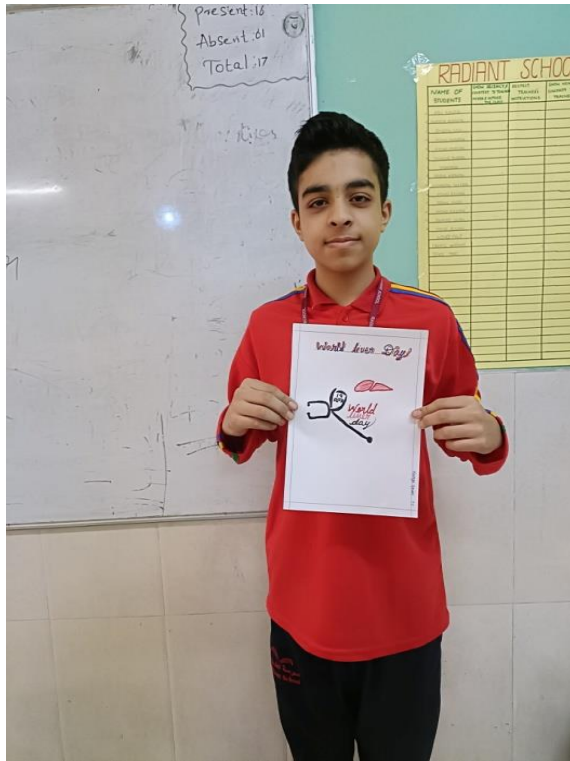

# WORLD LIVER DAY

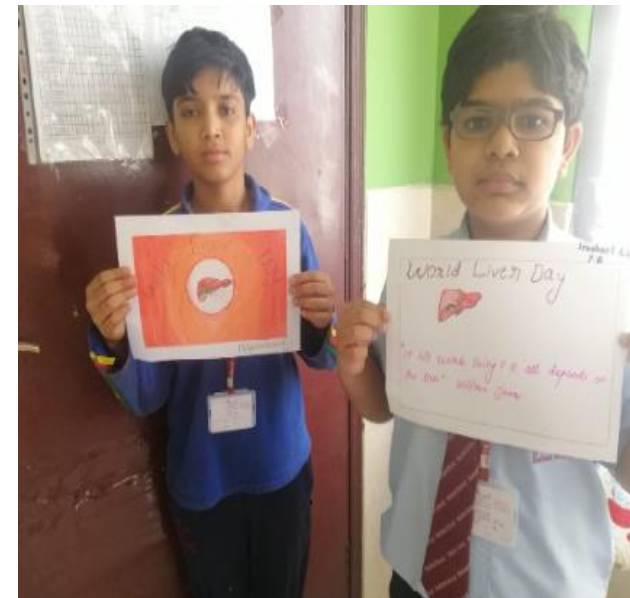

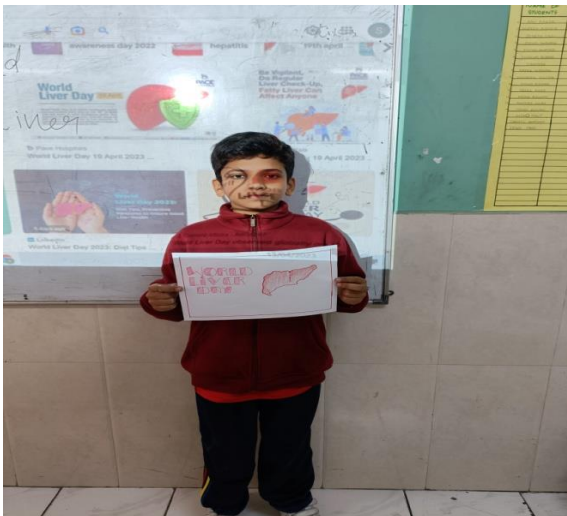

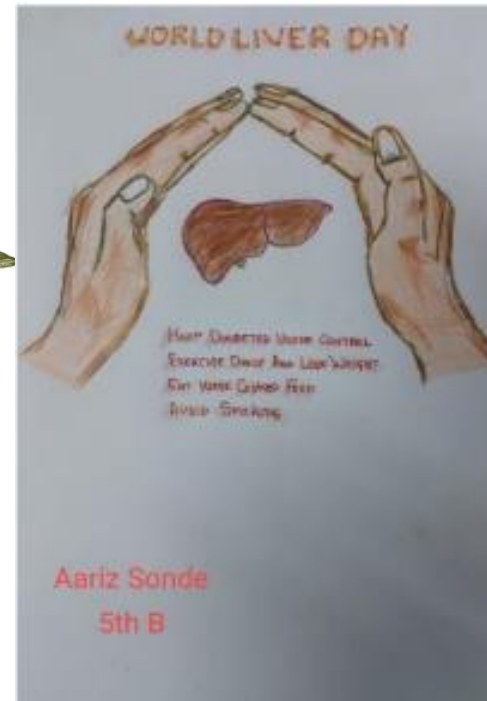

Every year, on April 19, the world celebrates World Liver Day. The National Health Portal promotes World Liver Day to help educate people about the benefits of maintaining good liver health. This day was established to address the growing rate of liver disease-related deaths in the country. World Liver Day provides the right time for people and healthcare workers to discuss liver health.

The World Liver Day was held at our School on 13th April 2023. The activity was open to students from grades 5-12. As part of the zero-period activity on “World Liver Day”, teacher insisted the students to prepare posters. Teacher had shown ppt about the same. It refers to the importance of being healthy. Students were asked to make posters and all the students actively participated in this program and made it a great success

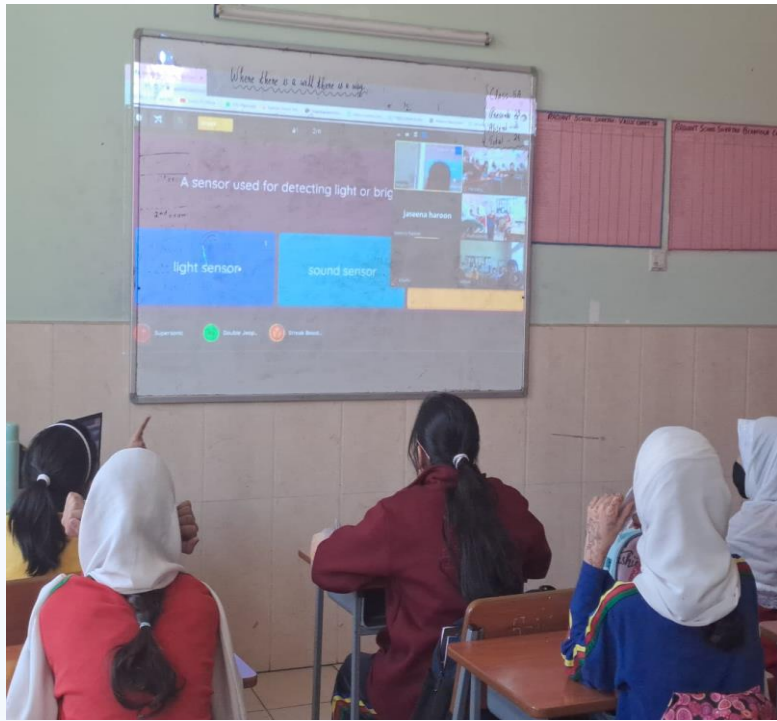

# ROBOTICS

# ROBOTICS

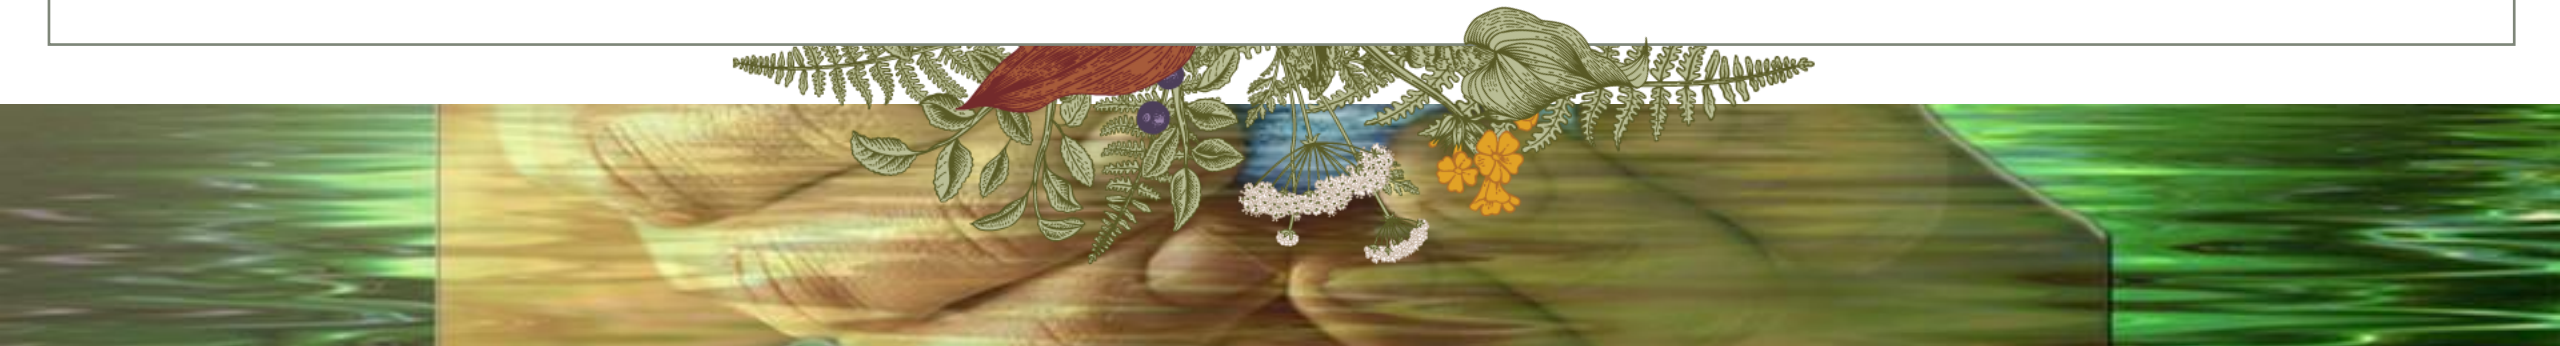

- Robotics includes the design, construction, operation and application of robots. The purpose of robotics is to design machines that will help people by repeating and imitating human activities without external control. Hence the growing interest in the field of artificial intelligence which is developing more and more and is becoming a profession of the future. The day aims to promote the field of robotics and its applications to students.
- Students attended a webinar on 'INTRODUCTION TO COMPUTER ROBOTICS AND ITS APPLICATIONS' . The webinar was a 45 minutes session which made students understand about the advantage and How the Future will look

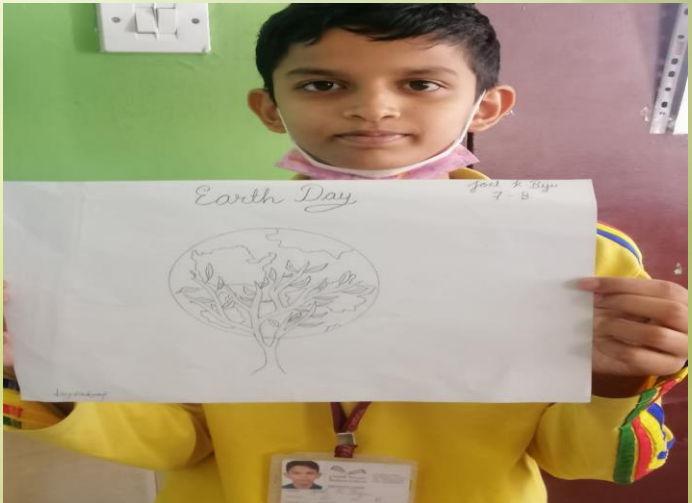

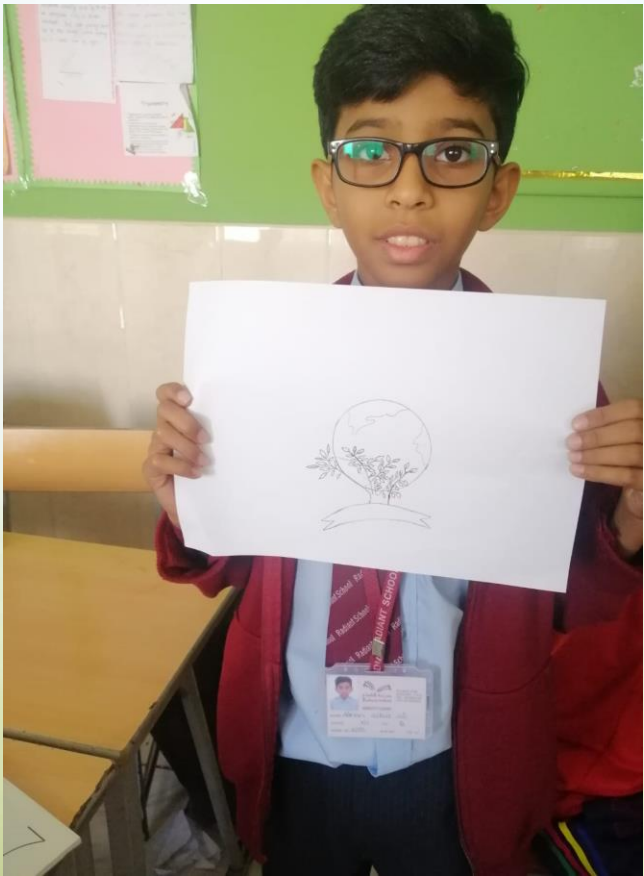

# EARTH DAY

World Earth Day is celebrated every year on April 22nd to raise awareness about the importance of protecting our planet and its natural resources. The first Earth Day was celebrated in 1970, and since then, it has become a global event that encourages people to take action toward environmental conservation and sustainability. The main purpose of Earth Day is to educate people about the impact of human activities on the environment and to promote sustainable practices that can help protect the planet for future generations. It is a day to reflect on our relationship with the natural world and to consider the steps we can take to reduce our ecological footprint and protect the Earth's ecosystems. The theme for World Earth Day 2023 is "Invest in Our Planet." This theme focuses on the importance of investing in sustainable practices and technologies to protect our planet and ensure a healthy future for future generations.

International Earth Day was held at our School on 28<sup>th</sup> April 2023. The activity was open to students from grades 5-12. The objective behind the activity was in order to help understand the theme of World Earth Day is to encourage people to protect Earth's natural resources for future generations.

# WORKSHOP ON CODE OF CONDUCT FOR STUDENTS

# WORKSHOP ON CODE OF CONDUCT

**On April 30<sup>th</sup> Radiant school has conducted workshop on Code Of Conduct for students.**

## ❖ Workshop Aims:

The aim of the workshop was to share good-practice and learning around developing and implementing a code of conduct, particularly in a Zoom Meeting setting. The workshop, organised by the Student Counselor (Hanifa) and sponsored by the Indian Radiant School, was attended by All Admin, Teachers & Students from Radiant School and included presentation from student Counselor (Hanifa), discussions around the different approaches presented.

## ❖ Presentations and shared learning:

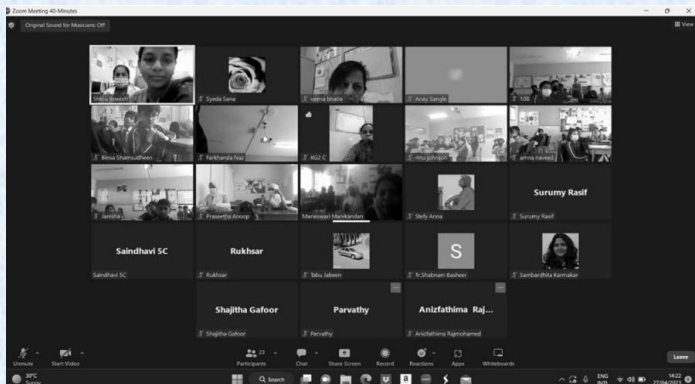

The workshop began with an introduction from Ms. Shinu, Vice-Principal. After welcoming all attendees, highlighting the background to the workshop, and requesting mutual respect and dignity throughout, the student counselor presented in the panel session

- The student code of conduct aims at achieving the Emirati school principles of enhancing students' good manners and positive conduct, the student code of conduct applies to all students of general education institutions, from grade 3 to 12 and students of continuing education.

The student code of conduct aims at:

- ☐ Focusing on addressing student negative behaviour in the school community with promoting and encouraging positive conduct and limiting violations and bad behaviour.
- ☐ Promoting student and parent awareness of their obligations to keep self-control and good behaviour.
- ☐ Providing a regulatory reference to deal with student behaviour.
- ☐ Guaranteeing execution of proper mechanisms to tackle and protect from problem and behaviour violations.
- ☐ Requalifying violating students behaviourally and educationally.
- ☐ Under this code of conduct, a student's conduct at school is a subject, which reflects his scores in terms of morals and behaviour. It is like other subjects, subject to pass/fail evaluation.

## **Key recommendations:**

**Deduction from the conduct scores will be based on the type of violation as follows:**

- ☐ **First-degree (simple) violation: 4 points will be deducted**
  - ☐ **Second-degree (fairly dangerous) violation: 8 points will be deducted**
  - ☐ **Third-degree (definitely dangerous) violation: 12 points will be deducted**
  - ☐ **Fourth-degree (severely dangerous) violation: student will be failed. In case that the student behavior mark declines to less than 60% at the end of the semester, his certificate will be withheld, and the case will be submitted to the behavior Management Committee to state the semester corrective procedures building to the learner.**
- Closing Remarks** The workshop was formerly closed by Ms. Shinu, Vice-Principal, who summarised discussions and stressed the importance of demonstrable commitment from all. A call to action was made to work on their actions plans and bring them, and any progress, to the Student Counselor meeting in 2023, to report back and share experiences.

THANK  
YOU

*Thank you my dear parents  
for your support and  
guidance and my children  
for your active participation  
and engagement. Keep  
supporting us !!!!*

*My sincere thanks to all my  
teachers, for their hard work,  
dedication and support !!!!*
