RADIANT INDIAN SCHOOL FOR GIRLS AND BOYS SHARJAH

Dear Parent,

Albert Einstein said, "Education is not about learning of facts but training young minds to think." We at Radiant School, works towards holistic development of our students by providing them the tools and experiences that encourage our students to think. The aim is to create empowered minds so that students are able to decide what is good for them, differentiate between right and wrong, choose opportunities that help build them up and enable them to live in harmony with all existence. As the new Vice Principal, I am delighted that the school's values align with my own personal values, including the importance of trust, respect, innovation and a sense of community.

We as a team of dedicated staff and teachers committed for the welfare and progress of the children. We believe children need to understand the importance of emotional balance and critical thinking! We believe in empowering our children in such a manner that they act as representatives of a meaningful and value-based society!

Let's imbibe the love of nation, respect for fellow beings, treating all with equality.

Let's guide and realize the young ones forward, our responsibilities are nurturing their curiosity, igniting their minds to pierce the skies, helping them to discover the world of books and richness of experience, ponder on the "mystery of birds in the sky, the bees in the sun, the flowers on a green hill", and master the magic of technology.

Shinu Aneesh, Vice Principal, Radiant Indian School

FROM OUR SUPERVISOR!!!

The meaning of quality education cannot be separated from the aim to develop student's potential. Everyone is born with a certain innate gift or talent that is unique to themselves. A candle must be lit so as to give out light and heat, which is how it is made useful. Similarly, we should make good use of our potential and abilities. It benefits not only ourselves, but also others and it is exactly how we make our lives meaningful.

Thanks and Regards.

Ms. Sarah Sheikh [SUPERVISOR (GRADE 8 - 12)] RADIANT INDIAN SCHOOL, SHARJAH.
