**Education is the key to unlocking
the world. It is the passport to
freedom.**

-Oprah Winfrey

FROM OUR PRINCIPAL

Dear parents,

Radiant school Sharjah emphasizes on all round development of extra-curricular activities that inculcate team spirit, exploration and development of each students potential and confidence.

- I commend the entire staff of our school for their determination and being the architects of our success. I also appreciate the parents of our children for their warm and positive involvement. We accentuate the academic, cultural, sporting and spiritual dimensions in the course of our pupil's time with us.

Mrs. Alka Suxena
Principal
Radiant School, Sharjah

FROM OUR VICE-PRINCIPAL DESK

Dear Parent,

Albert Einstein said, “Education is not about learning of facts but training young minds to think.” We at Radiant School , works towards holistic development of our students by providing them the tools and experiences that encourage our students to think. The aim is to create empowered minds so that students are able to decide what is good for them, differentiate between right and wrong, choose opportunities that help build them up and enable them to live in harmony with all existence. As the new Vice Principal, I am delighted that the school’s values align with my own personal values, including the importance of trust, respect, innovation and a sense of community.

We as a team of dedicated staff and teachers committed for the welfare and progress of the children. We believe children need to understand the importance of emotional balance and critical thinking! We believe in empowering our children in such a manner that they act as representatives of a meaningful and value-based society!

Lets imbibe the love of nation, respect for fellow beings, treating all with equality.

Lets guide and realize the young ones forward, our responsibilities are nurturing their curiosity, igniting their minds to pierce the skies, helping them to discover the world of books and richness of experience, ponder on the “mystery of birds in the sky, the bees in the sun, the flowers on a green hill”, and master the magic of technology.

Shinu Aneesh
Vice Principal,
Radiant School

World Art Day

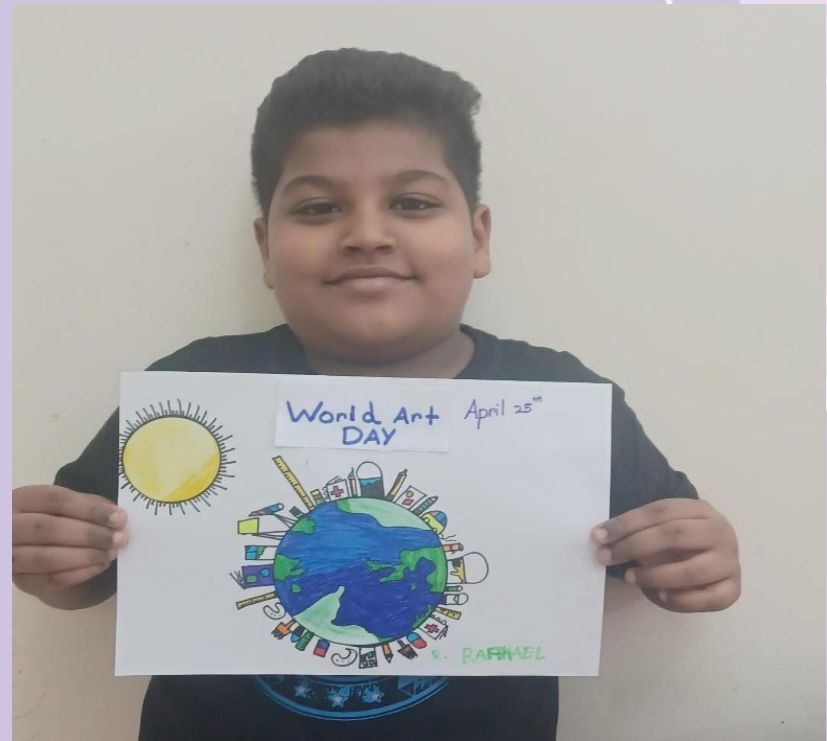

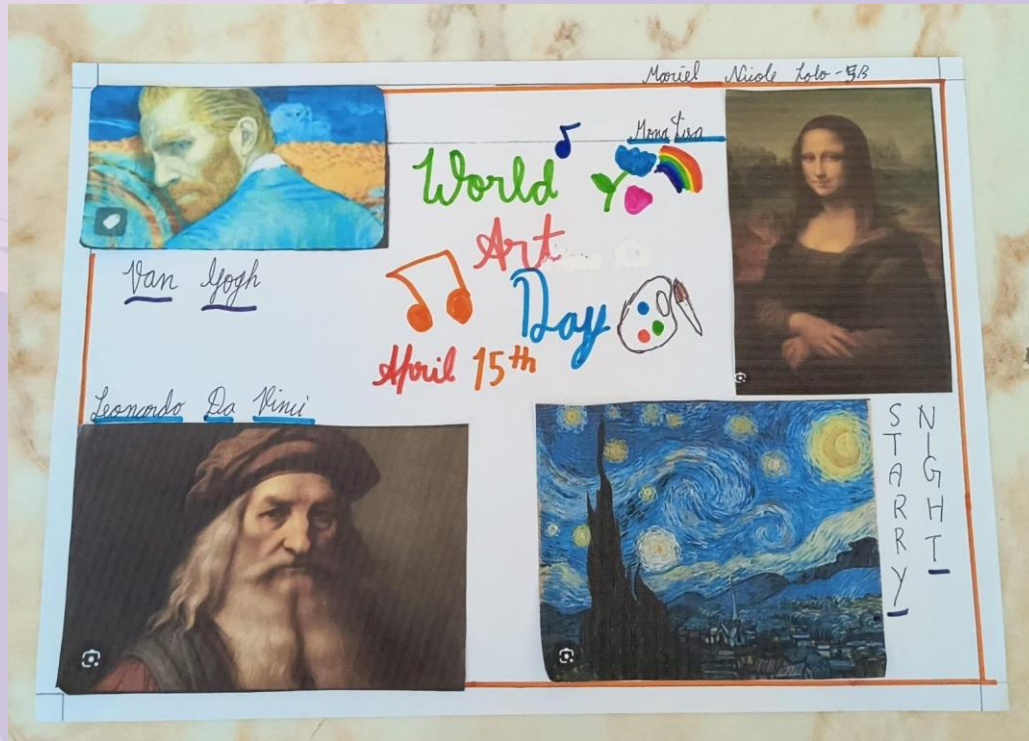

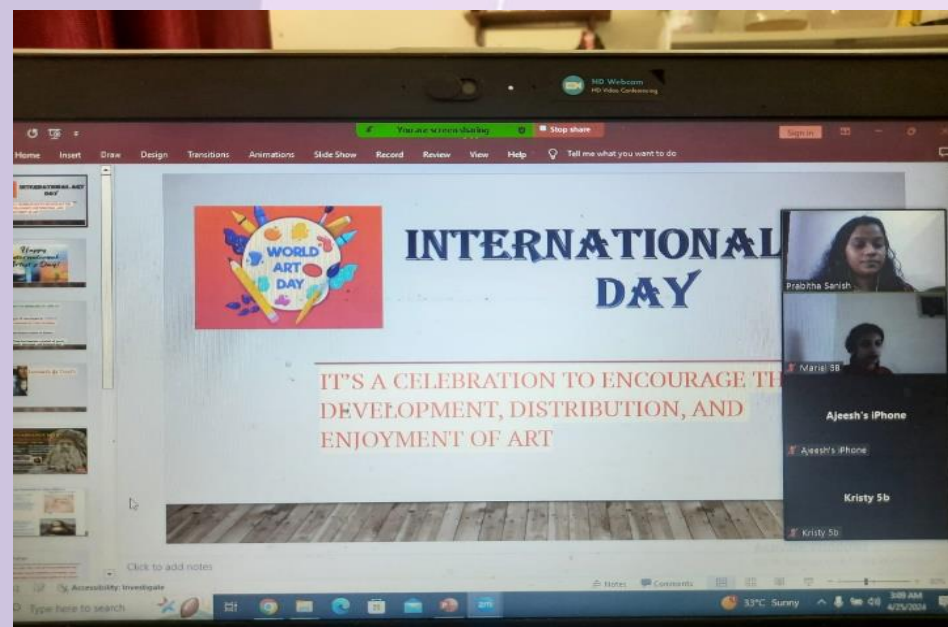

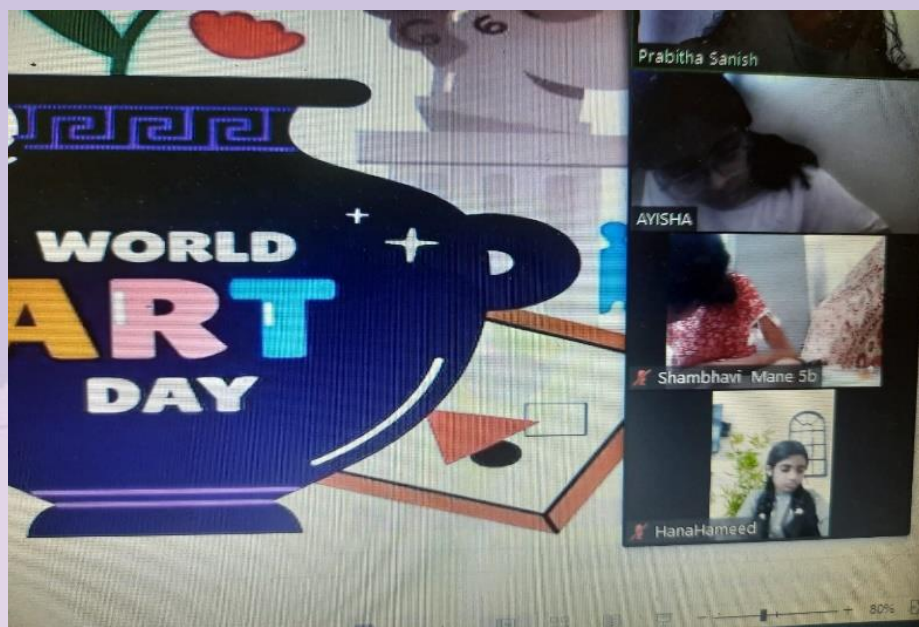

World Art Day seeks to raise awareness about and honor the contributions that various artists have made throughout the world, while promoting the importance of art in the lives of each and every human.

The planet is filled with amazing humans who have created and will continue to create all sorts of incredible works of art. World Art Day is here to showcase that art, show appreciation for it, and encourage others to get involved with creating it!

The students conducted a virtual presentation regarding the importance of celebrating world art day. the students actively participated in different activities -Painting, drawing, craft making, Art collage making, World famous artist gallery making etc.

This World Art Day is a timely reminder that art can unite and connect us even in the most difficult of circumstances. Students were actively participated and enjoyed all activities

World Solar Energy Day

On World Solar Energy Day, we celebrate the boundless potential of the sun, our most abundant and sustainable source of power. It's a day to recognize the transformative impact that solar energy has on our lives, our environment, and our future. As we confront the urgent need to transition towards cleaner and more sustainable energy sources, solar energy emerges as a beacon of hope, offering a pathway to a brighter, greener tomorrow.

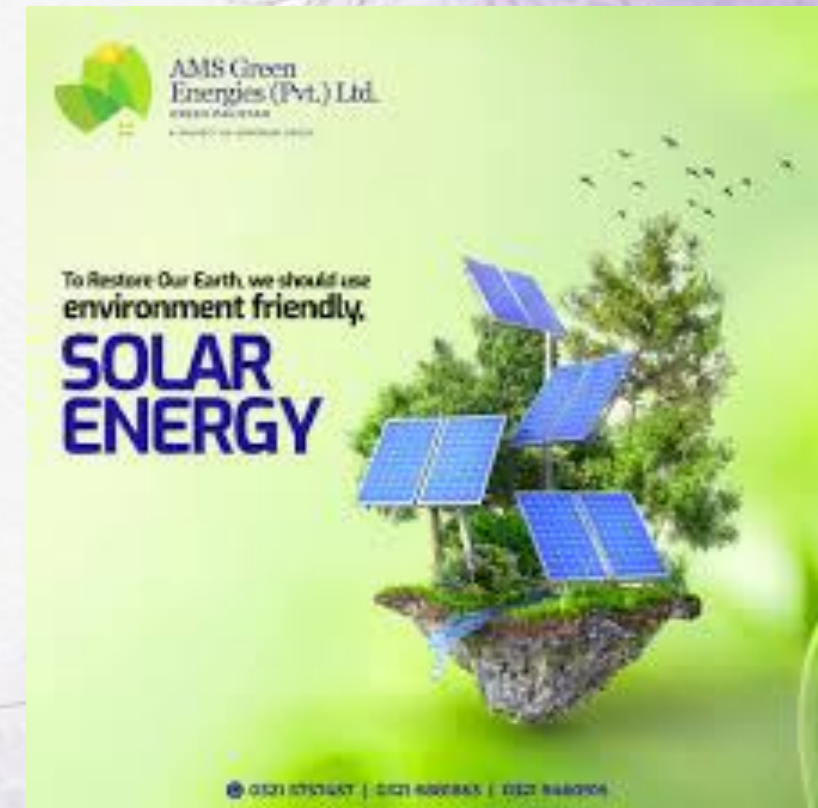

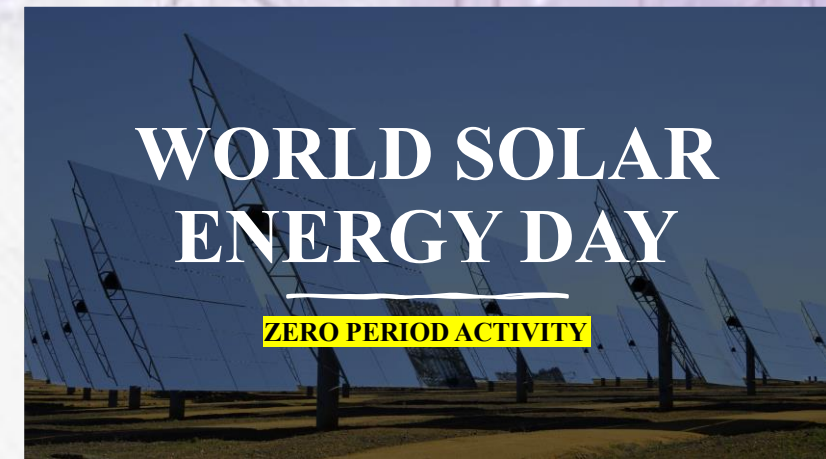

World Solar Energy Day is an opportunity to inspire and educate. It's a chance to raise awareness about the importance of renewable energy and to empower individuals, communities, and nations to embrace solar solutions. By sharing knowledge, fostering innovation, and advocating for supportive policies, we can unlock the full potential of solar energy and build a more sustainable and equitable future for generations to come.

Radiant school has celebrated solar energy day.

Students brought papers, color pencils, glue, scissors, and some stickers. They made beautiful posters, cards, models.

As World Solar Energy Day draws to a close, we reflect on the significance of this celebration and the profound impact that solar energy continues to have on our planet. It's a day filled with hope, inspiration, and a renewed commitment to harnessing the power of the sun for a better tomorrow.

INTRODUCTION TO SOLAR ENERGY

- Solar power, also known as solar electricity, is the conversion of energy from sunlight into electricity, either directly using photovoltaics (PV) or indirectly using concentrated solar power.
- Solar panels use the photovoltaic effect to convert light into an electric current.
- Solar energy is renewable, clean, and abundant. It is harnessed using solar panels to convert sunlight into electricity or heat.
- Solar energy is a powerful source of energy that can be used to heat, cool, and light homes and businesses. More energy from the sun falls on the earth in one hour than is used by everyone in the world in one year. A variety of technologies convert sunlight to usable energy for buildings.

Field Trip

**VENUE: SHARJAH
INTERNATIONAL BOOK
FAIR**

**SHARJAH
INTERNATIONAL
BOOK FAIR**

The Sharjah International Book Fair began 40 years ago in 1982 to realize the human-centric developmental vision of His Highness Sheikh Dr. Sultan bin Muhammad Al Qasimi, UAE Supreme Council Member and Ruler of Sharjah, to promote cultural understanding and exchange through books and reading.

On 9th May 2024 the students were taken to Sharjah International Book Fair. They were accompanied by their class teacher. The field trip to **Sharjah International Book Fair** gave students an opportunity to read the latest books, and participate in activities, cultural/creative happenings.

International Nurse Day

International Nurses Day is a global celebration held annually on May 12th to honour the contributions and achievements of nurses worldwide. This special day commemorates the birth anniversary of Florence Nightingale, the pioneer of modern nursing, who revolutionized healthcare practices and laid the foundation for professional nursing as we know it today.

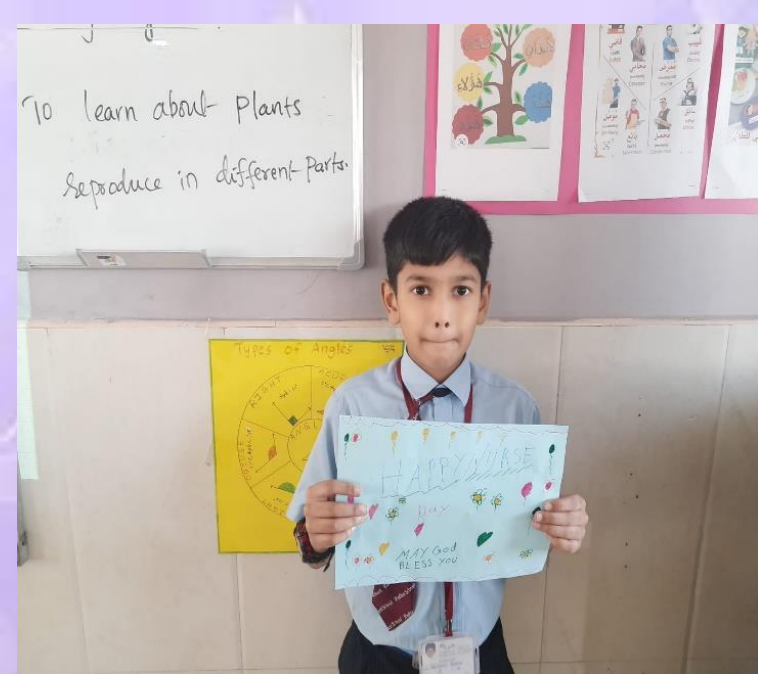

International Nurses Day serves as an opportunity to recognize and appreciate the invaluable contributions of nurses to society. It provides a platform to celebrate their commitment, resilience, and unwavering devotion to the nursing profession, particularly during challenging times and global health crises.

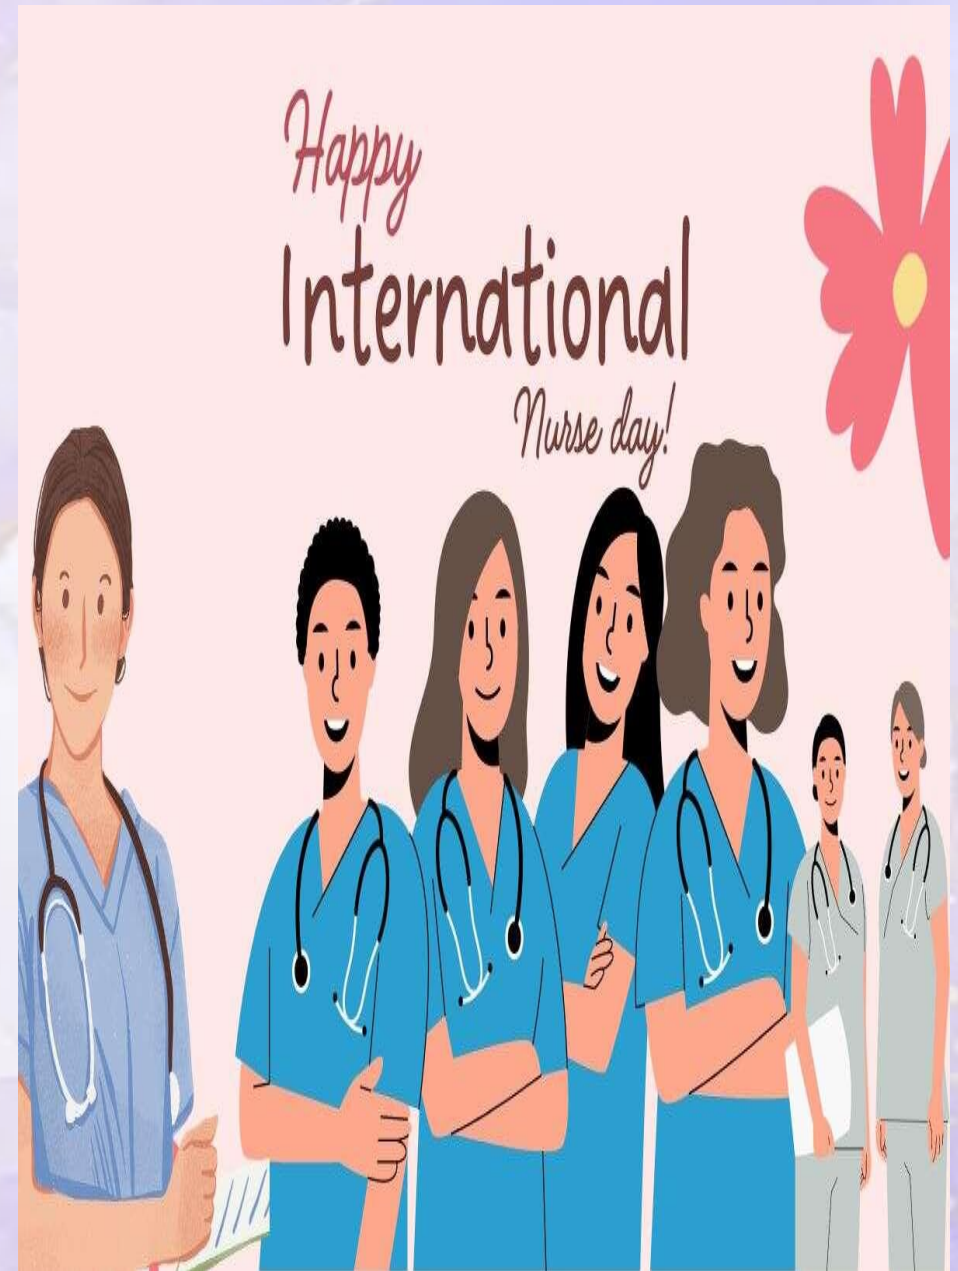

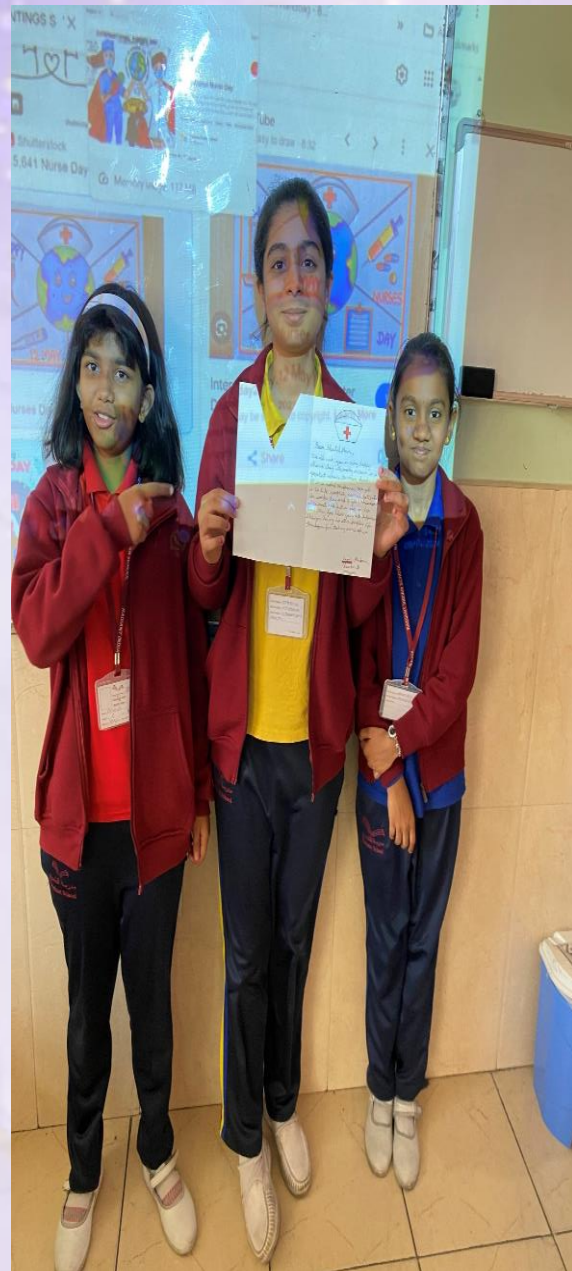

Radiant school has celebrated nurse day to express our gratitude to nurses everywhere for their dedication, resilience, and unwavering commitment to excellence in patient care

Students brought papers, color pencils, glue, scissors, and some stickers. They made beautiful appreciation cards.

Together, let us continue to uphold the noble values of the nursing profession and work towards a healthier, more equitable world for all.

World Heritage Day

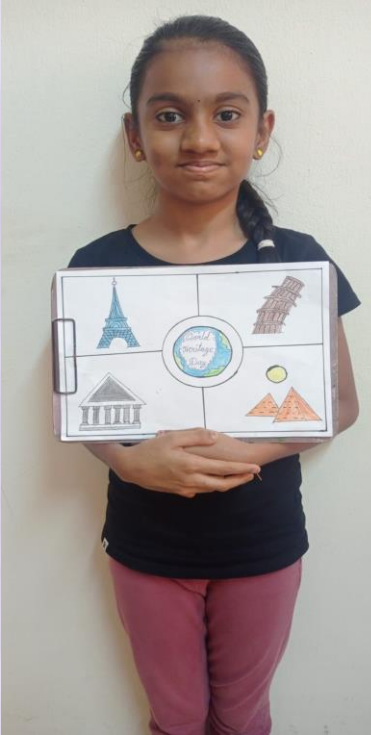

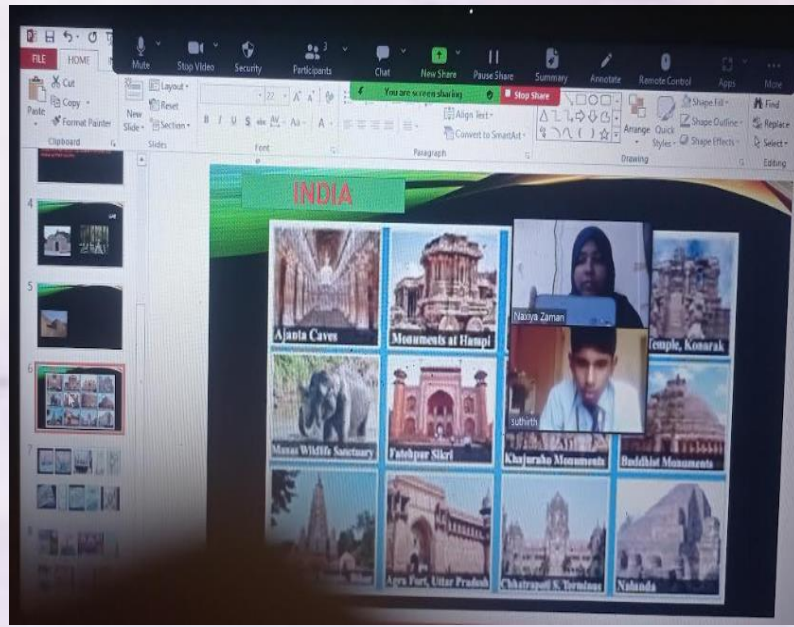

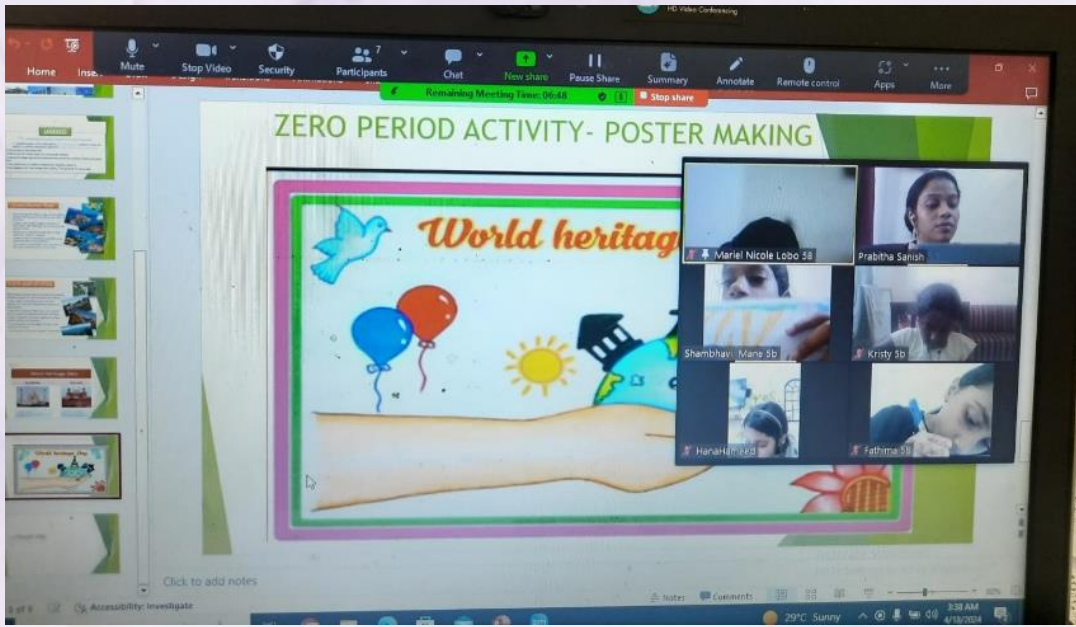

World Heritage Day, also known as the International Day for Monuments and Sites, is celebrated annually on April 18th. It aims to raise awareness about the diversity of cultural heritage and the efforts required to protect and conserve it for future generations.

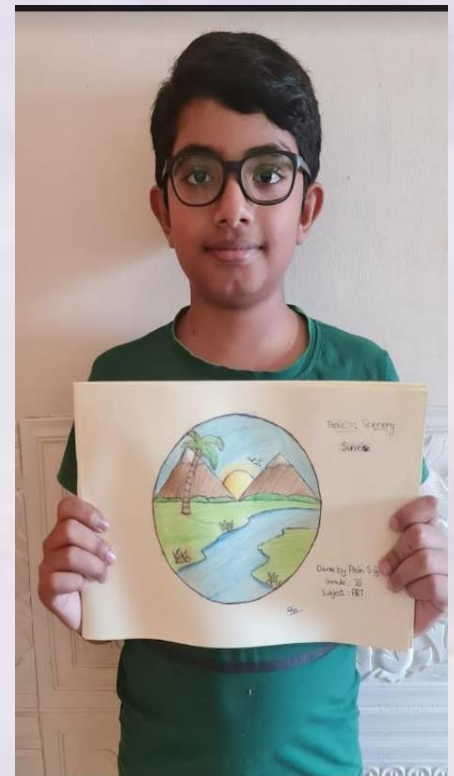

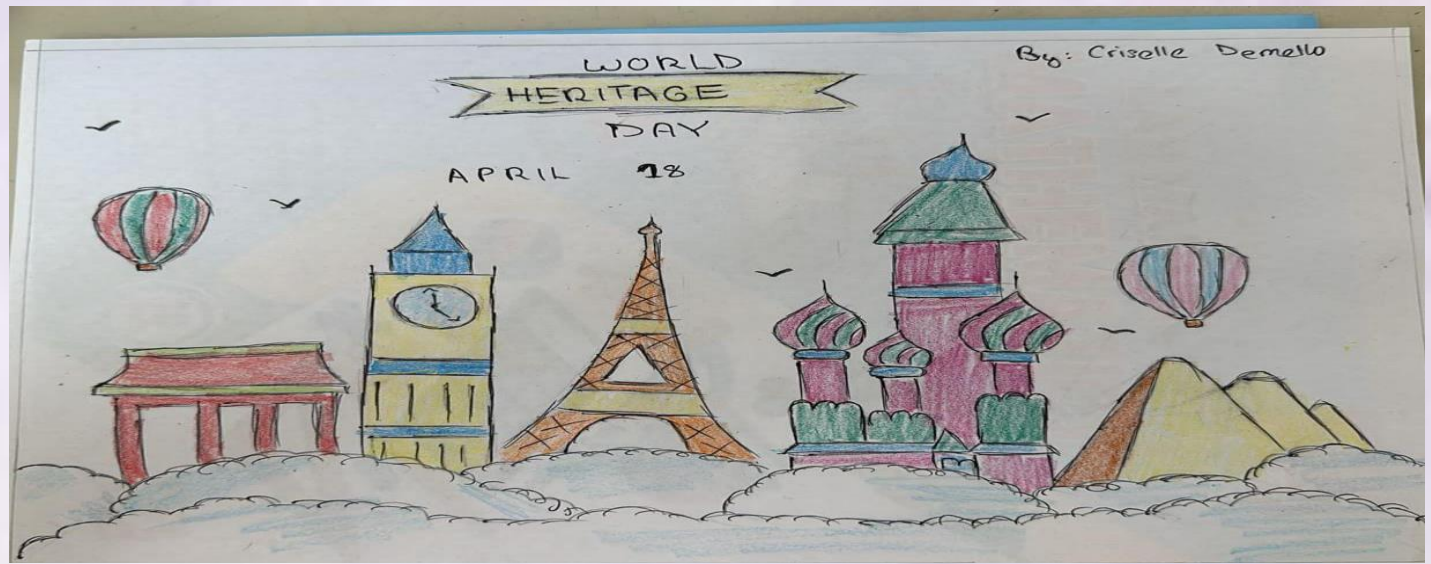

The theme for World Heritage Day 2024 is "Disasters & Conflicts Through the Lens of the Venice Charter"

The day saw a myriad of events and activities aimed at raising awareness about the Importance of preserving and protecting our cultural heritage, for giving awareness about the World Heritage Day presentation done through the Zoom platform. Students conducted a speech about the importance of celebrating the day and conservation of monuments sited by UNESCO. Students participated in making Posters regarding World Heritage Day.

Through the World Heritage Day activities, emphasizing key themes such as awareness-raising, community engagement, technological innovation, the students got a shared responsibility for heritage preservation.

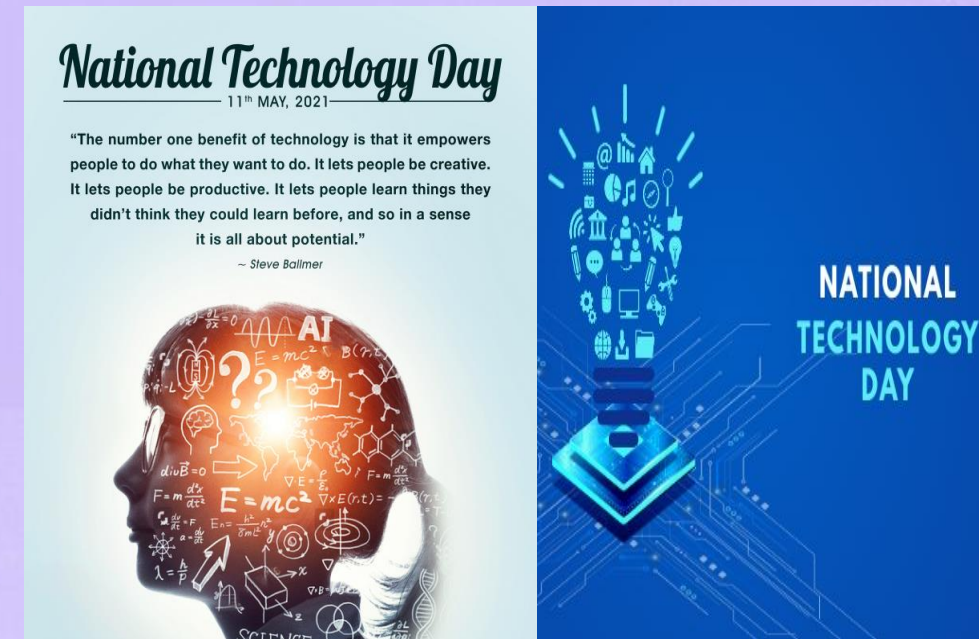

NATIONAL TECHNOLOGY DAY

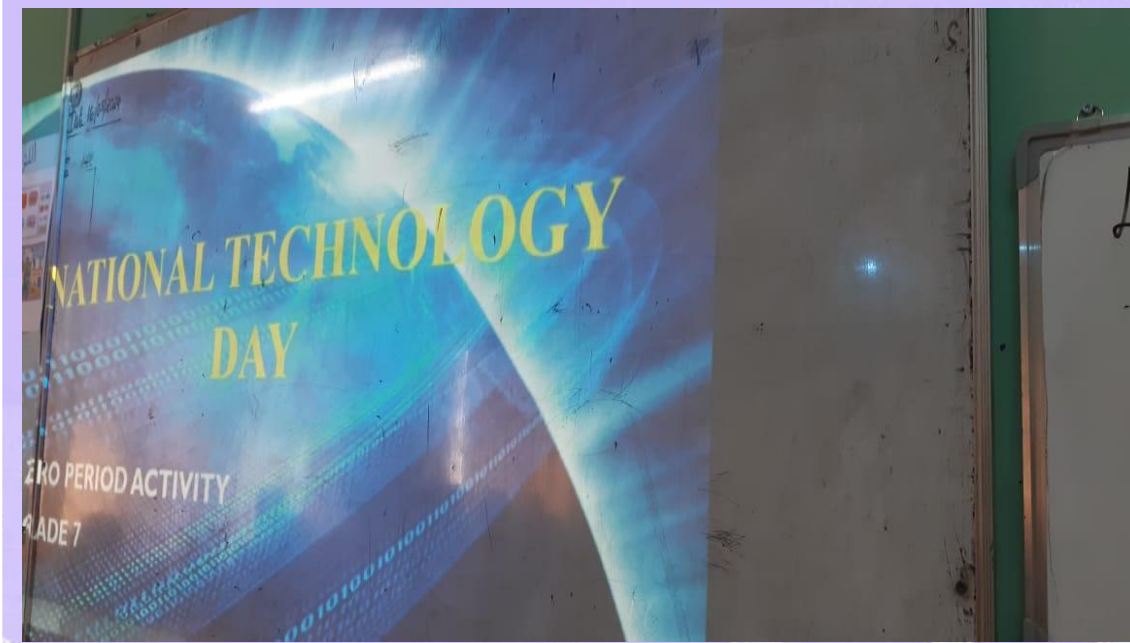

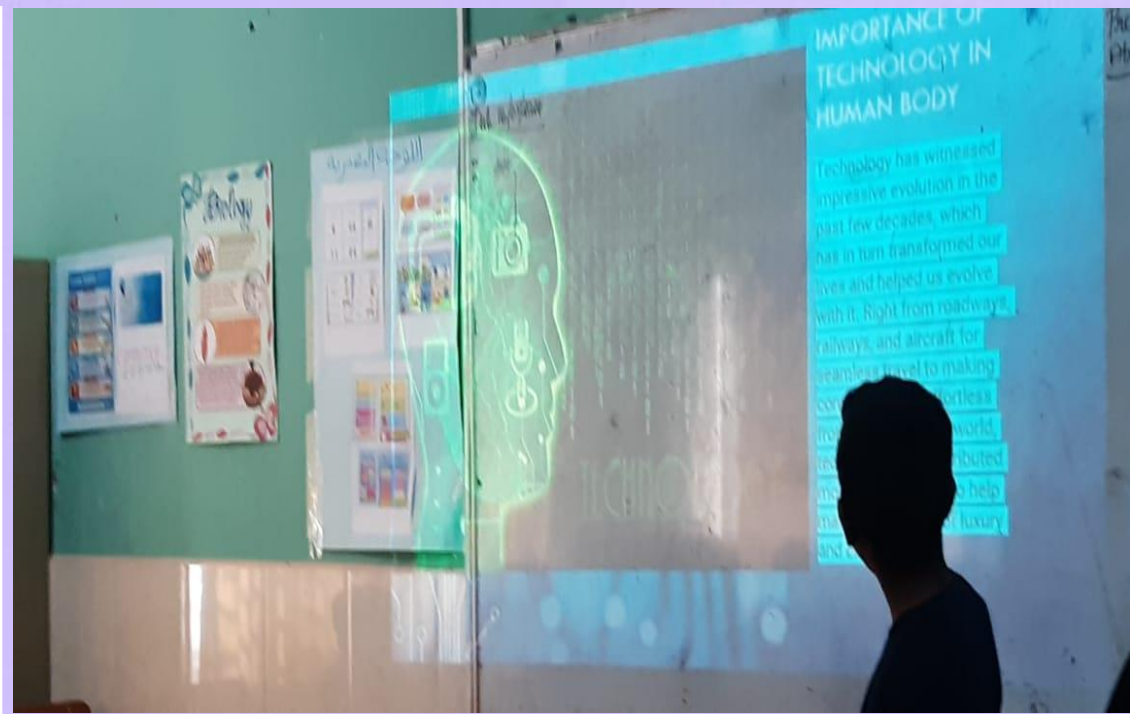

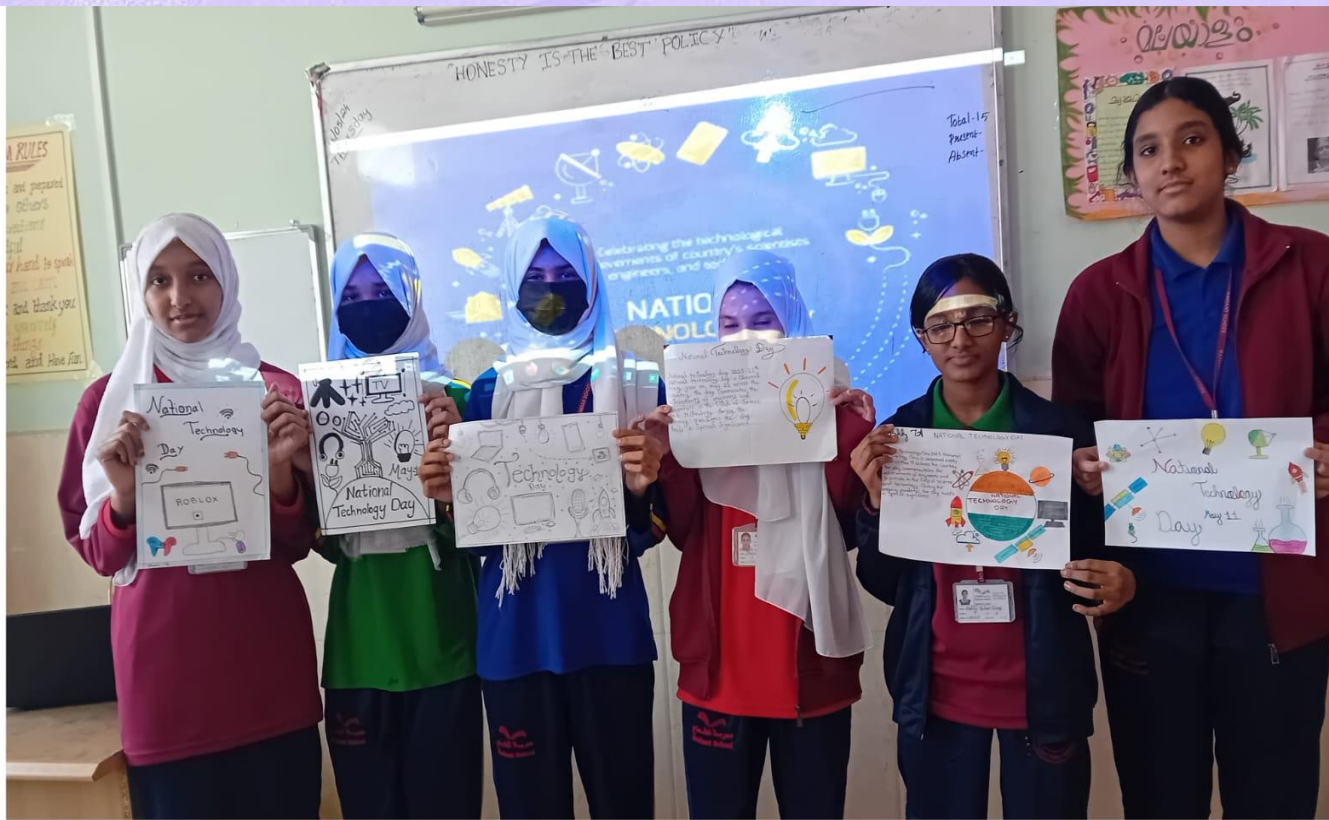

National Technology Day 2024: National Technology Day is observed every year on May 11 across the country. The day commemorates the achievements of engineers and scientists in the field of science and technology. During the ongoing pandemic, the day holds a special significance. As we have seen above that on 11 May 1998 nuclear test was held in Pokhran and based on these tremendous achievements of the scientists, engineers, etc., Atal Bihari Vajpayee declared 11 May as National Technology Day.

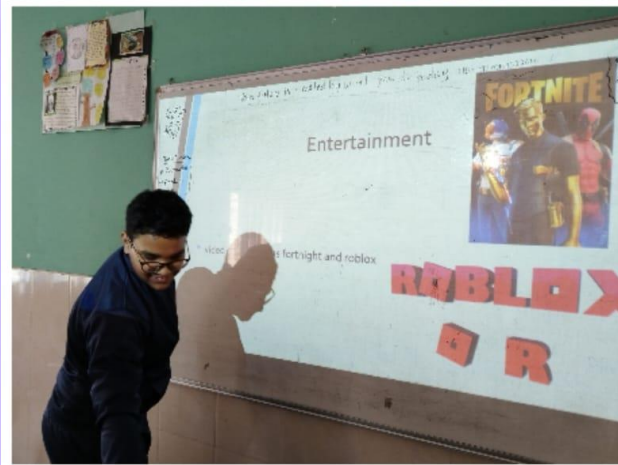

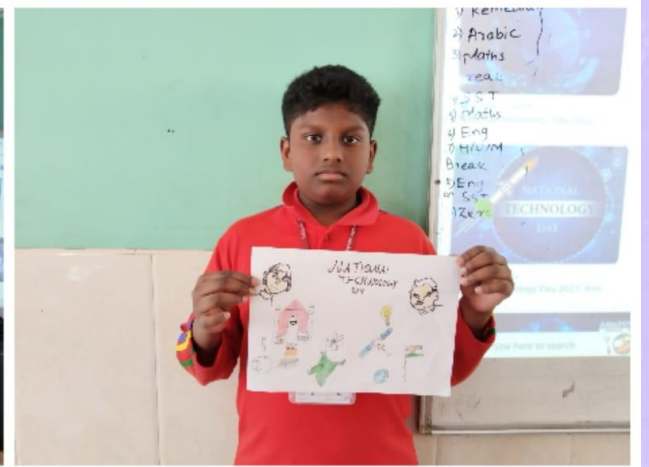

Since 1999, every year the Technology Development Board (TDB) celebrates the day with various technological innovations that have positively impacted the nation. Also, every year TDB selects a theme and on that basis several events, competitions were held in the country. This day also marks the significance of science in our day-to-day life.

Radiant school celebrated National Technology Day. Students brought papers, color pencils, glue, scissors, and some stickers. They made beautiful appreciation cards, models. National

Technology Day celebrates the transformative power of innovation and technology in shaping our world. As we commemorate this day, it's crucial to reflect on the immense progress we've made and the promising future ahead. From revolutionizing communication to enhancing healthcare and driving economic growth, technology continues to be a driving force of positive change. However, it's also a reminder of the responsibility we bear to harness technology ethically and inclusively, ensuring that its benefits are accessible to all. Let National Technology Day serve as a reminder of our collective potential to innovate for a better tomorrow, and may it inspire us to continue pushing the boundaries of what's possible through technology.

International Day for Biological Diversity

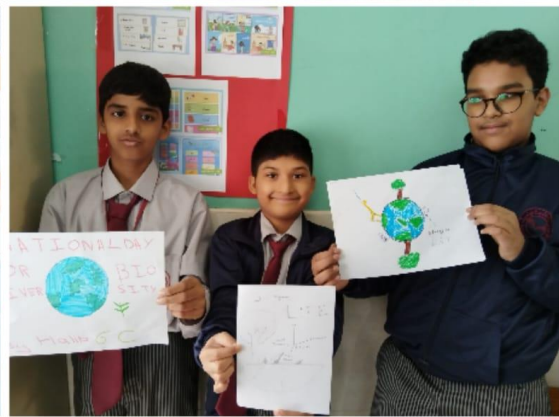

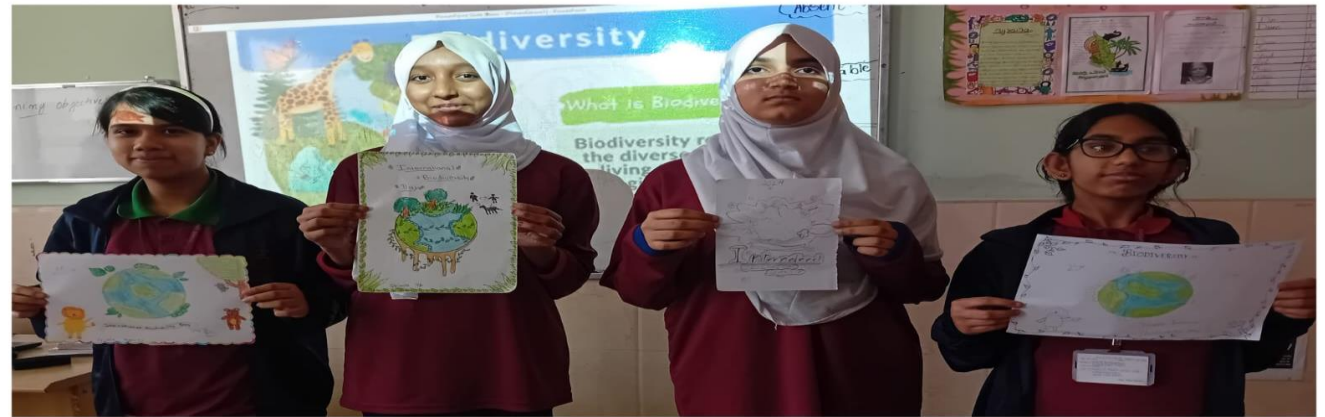

The International Day for Biological Diversity, celebrated annually on May 22, is a global observance established by the United Nations to increase understanding and awareness of biodiversity issues. Biodiversity, the variety of life on Earth in all its forms, including ecosystems, species, and genetic diversity, is essential for the health and stability of our planet. This day aims to highlight the critical role that biodiversity plays in sustaining life and the urgent need to protect and conserve it amid growing environmental challenges.

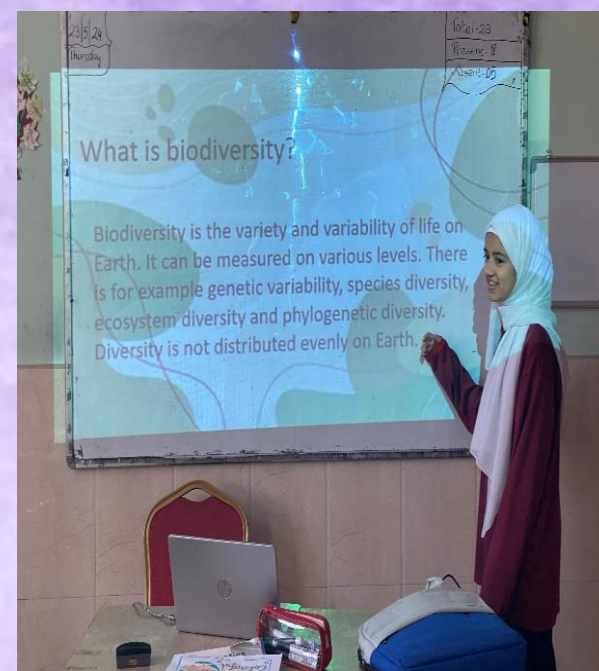

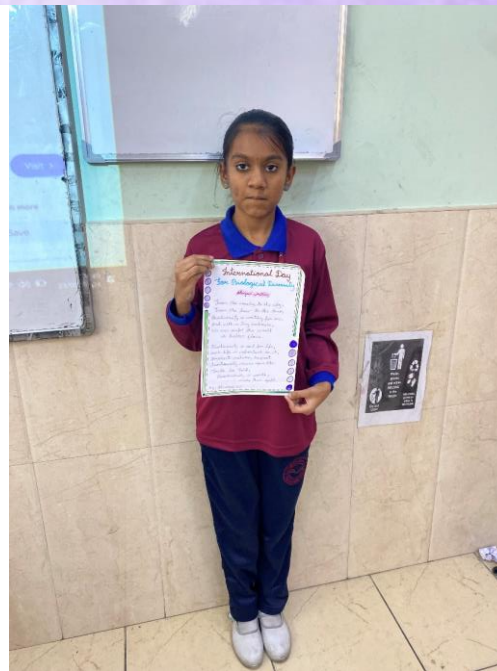

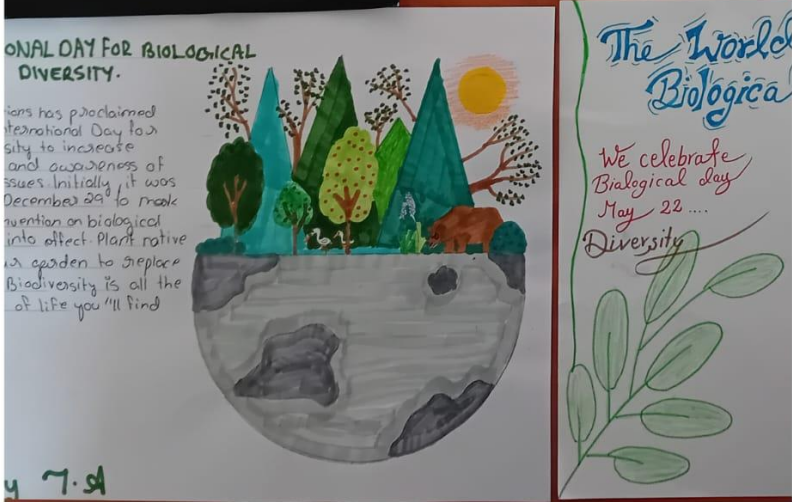

As human activities continue to exert unprecedented pressure on natural habitats, leading to alarming rates of species extinction and ecosystem degradation, the International Day for Biological Diversity serves as a vital platform for promoting sustainable practices, raising awareness about the importance of biodiversity, and encouraging global cooperation to safeguard the natural world. Through educational initiatives, community engagement, and policy advocacy, this day fosters a deeper appreciation for the intricate web of life that sustains us all and underscores our collective responsibility to ensure its preservation for future generations.

Students were encouraged to create posters. The activities of Biological Diversity Day in our school was a resounding success. It not only educated and inspired students but also provided them with practical experience in various Biological Diversity domains. The enthusiasm and active participation of students and teachers alike highlighted the importance of such events in fostering a culture of innovation excellence.

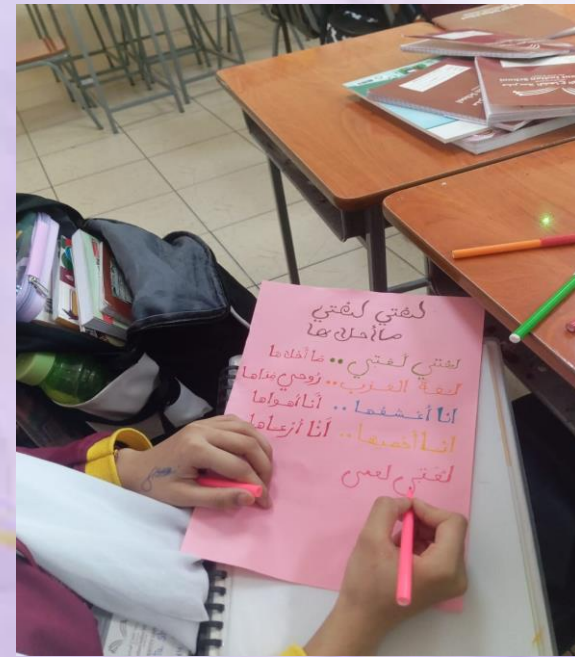

The background is a vibrant purple marbled pattern with a gold glitter effect. A thin, hand-drawn gold border frames the central text. The text is written in a black, elegant cursive font.

Arabic Activity

- ❖ كون اللغة العربية اللغة الحضارية الأولى في العالم لوقت طويل. قدرة اللغة العربية على المساعدة في التعبير عن العلوم المختلفة، بسبب تمتعها بخصائص، وألفاظ، وتراكيب، وخيال، والعديد من الميزات الأخرى. كون اللغة العربية أداة للتعارف والتواصل بين ملايين البشر في شتى بقاع الأرض.
- ◆ اتسام اللغة العربية بأنها ثابتة في جذورها ومتجددة بسبب خصائصها وميزاتها العديدة. مساعدة اللغة العربية على استمرار الثقافة العربية بين الفئات المختلفة، والمحافظة على الاتصال بين الأجيال. نقل اللغة العربية لتعاليم الإسلام وما انبثق عنه من حضارات.
- ◆ كون اللغة العربية طريقة من أفضل الطرق التي تساعد في تسجيل الأفكار والأحاسيس. اللغة العربية هي لغة القرآن يعدّ نزول القرآن معجزة السماء والرسالة العالمية من الله للبشر بهذه اللغة الشيء الأهم الذي أبرز مكانتها حيث حملت اللغة العربية دور أفضل وسيلة لنقل أسمى المعاني في هذا الكتاب العظيم، كما أنها حفظت بحفظه عبر الأزمان، ولما فيها من ميزات ذكرتها بعض الدراسات كخلوها من كل العيوب التي يمكن أن تؤدي إلى اندثار اللغات وزوالها عبر الزمن.

The background features a white surface with a gold-colored geometric pattern of overlapping lines forming various polygons. Scattered throughout are several clusters of stylized purple leaves on thin, dark stems. The leaves vary in shades of purple, from light lavender to deep violet. The text "Thank You" is centered in a black, elegant cursive font.

Thank You
