

مدرسة الشعاع الهندية
للبنات والبنين
Radiant Indian School
For Girls & Boys

OUR PRINCIPAL MESSAGE

On behalf of Radiant family, I would like to welcome the parents and students to our school and thank you for choosing our new and promising school.

My mission as principal is to always put kids first! My belief is that all students can learn, and it is our job to support all of their needs. As educators, we need to discover how each child learns in order to differentiate our instruction to support diverse learning styles; all children are different. I also want all children to love school! In a collaborative effort, we want children to thrive in all ways possible. At Radiant school, our mission is to provide such an environment for all of our students.

HAPPY NEW YEAR

HAPPY NEW YEAR

The New Year is a time to welcome new beginnings with joy and hope. It encourages us to learn from the past and look forward to new goals and opportunities. Children celebrate the New Year with happiness, creativity, and positive energy, spreading smiles and cheer all around.

At Radiant Indian School, KG students participated in a card-making activity during the Zero Period. The students explored their creativity using different methods. Some children made cards using paper collage, while others created cards through drawing and coloring. The activity helped develop creativity and fine motor skills. The students participated actively and enjoyed the activity enthusiastically.

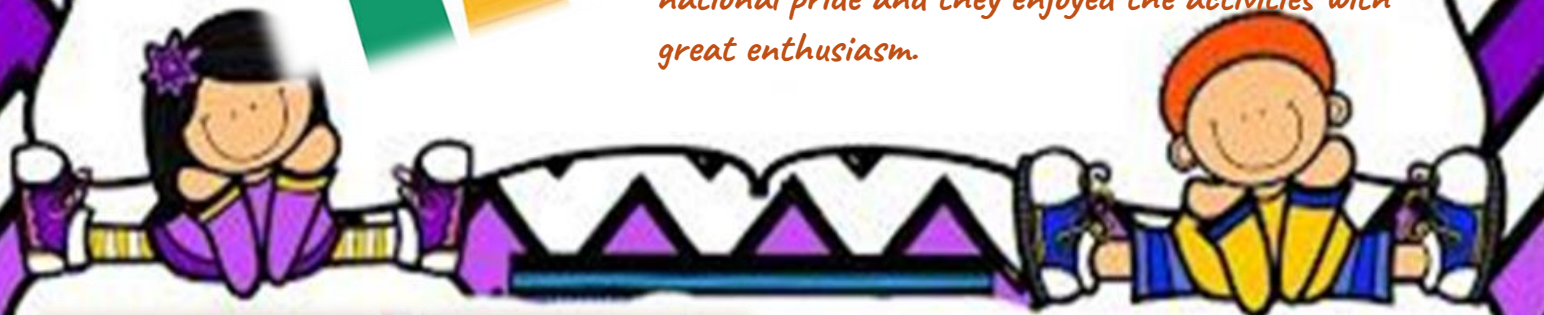

Republic Day is celebrated on 26th January every year in India. On this day, our country got its own rules and laws. We love our country and respect our national flag. We celebrate this day with joy, songs, and pride.

At Radiant Indian School, a Republic Day assembly was conducted. Students participated by delivering short speeches. As part of the activity, children did collage work and made paper headbands using the tricolour of the Indian flag. The celebration helped students learn about national pride and they enjoyed the activities with great enthusiasm.

PAPER ORAGMI HOUSE

Paper origami is the art of folding paper to create shapes and figures. It helps children develop creativity, focus, and fine motor skills. ✨📄

Through paper-folding house activities, students at Radiant School developed fine motor skills, bilateral coordination, and early construction skills.
