**OUR PRINCIPAL MESSAGE**

On behalf of Radiant family, I would like to welcome the parents and students to our school and thank you for choosing our new and promising school.

My mission as principal is to always put kids first! My belief is that all students can learn, and it is our job to support all of their needs. As educators, we need to discover how each child learns in order to differentiate our instruction to support diverse learning styles; all children are different. I also want all children to love school! In a collaborative effort, we want children to thrive in all ways possible. At Radiant school, our mission is to provide such an environment for all of our students.
